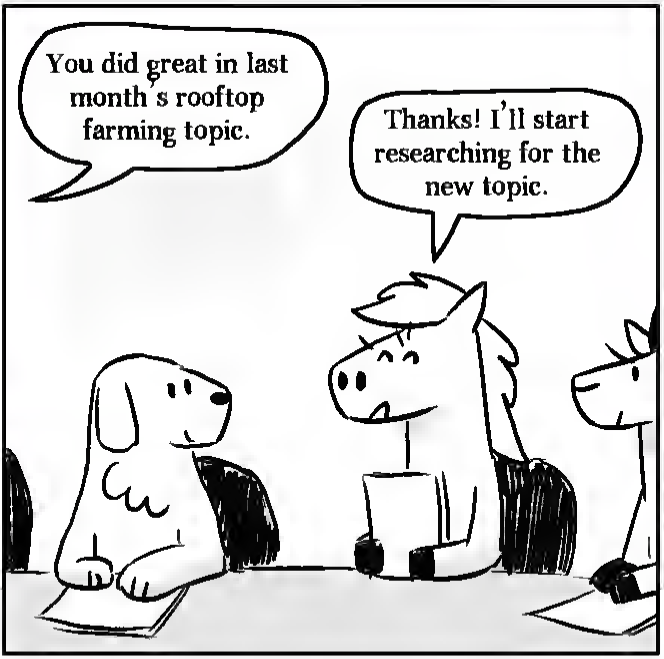
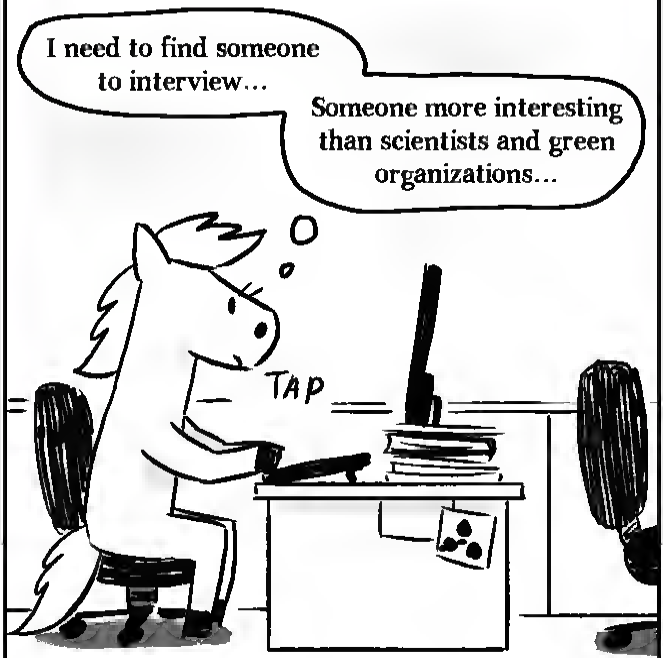
MEETING

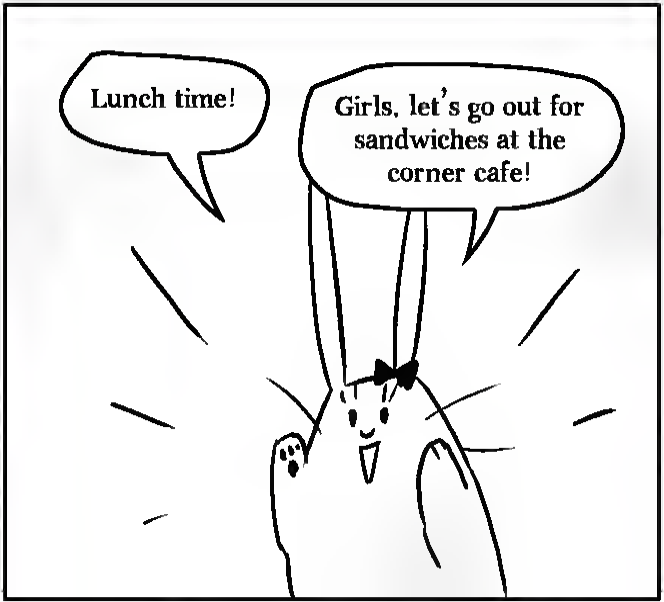
For the next month, the theme for our "Trending topic" page will be global warming.
Horsie, we are counting on you!
TRENDING!



You did great in last month's rooftop farming topic.
Thanks! I'll start researching for the new topic.



I need to find someone to interview...
Someone more interesting than scientists and green organizations...
TAP



Lunch time!
Girls, let's go out for sandwiches at the corner cafe!

Oops, we ordered too much.
It's the sandwiches' fault! They all looked so tasty!
Take away box please

Aww, but the sandwiches won't taste good when they aren't fresh...
I'll take them.
Thanks Horsie! You never waste!

Hey Mr. Polar Bear, this sandwich is for you.
Thought you might not have lunch yet.

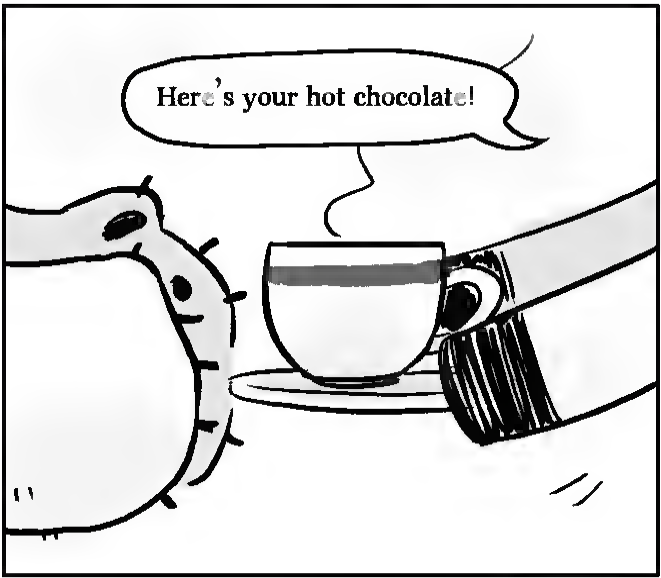
yes

I'm Horsie, a reporter from Roar Street Journal.
I have a crazy idea... do you want to hear about it?



Here's your hot chocolate!

So tell me about your story, Mr. Polar Bear.
You can call me Po.

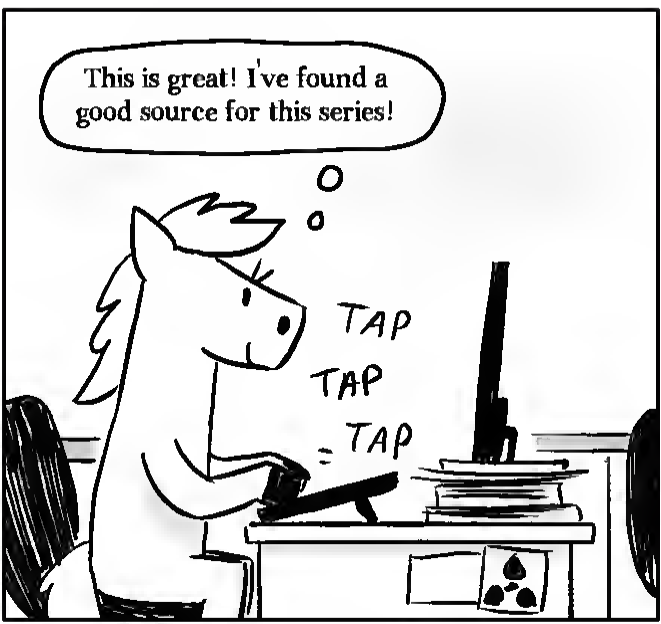
Well, I used to live very far away...

Thank you so much Po!
I've never met anyone who lived in the arctic with first-hand experience of the impacts of global warming!
I hope it will help your report.

Also, thanks for the drink.
I haven't drink hot chocolate for so long.
The drinks I find in the bins all went cold.

I'm really sorry about your situation.
I wish I could help in some way...
It's fine. I'm okay with my life now.

Coffee Co
Well then...take care, I'll talk to you soon!
Goodbye.



This is great! I've found a good source for this series!

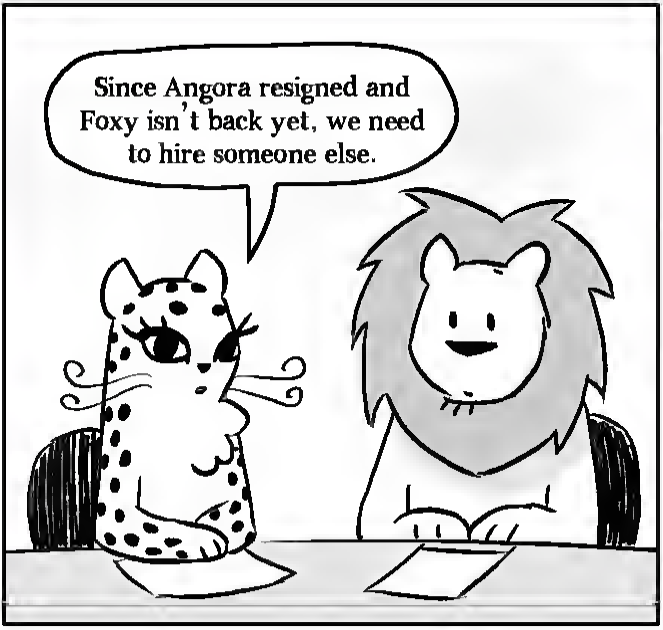
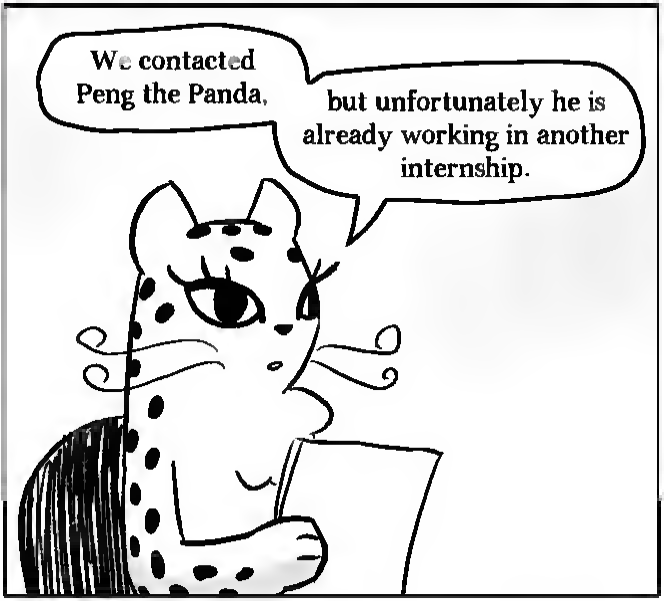
MEETING



Since Angora resigned and Foxy isn't back yet, we need to hire someone else.

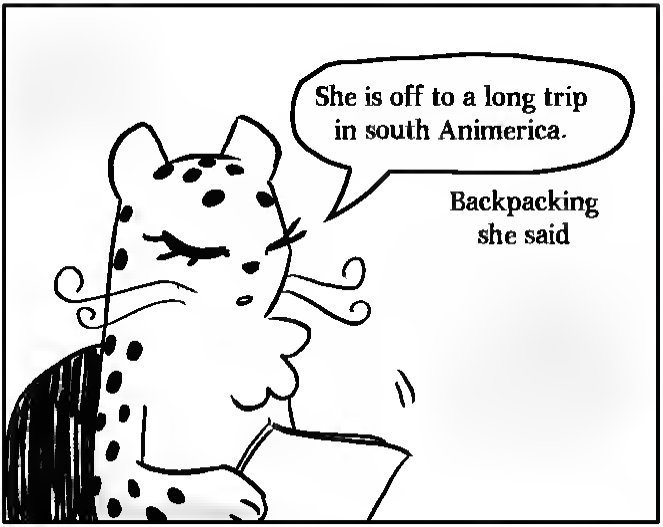
Or everyone needs to work overtime!
We are already working overtime...

Yeah, I don't want Cheetah-B to take too much work...

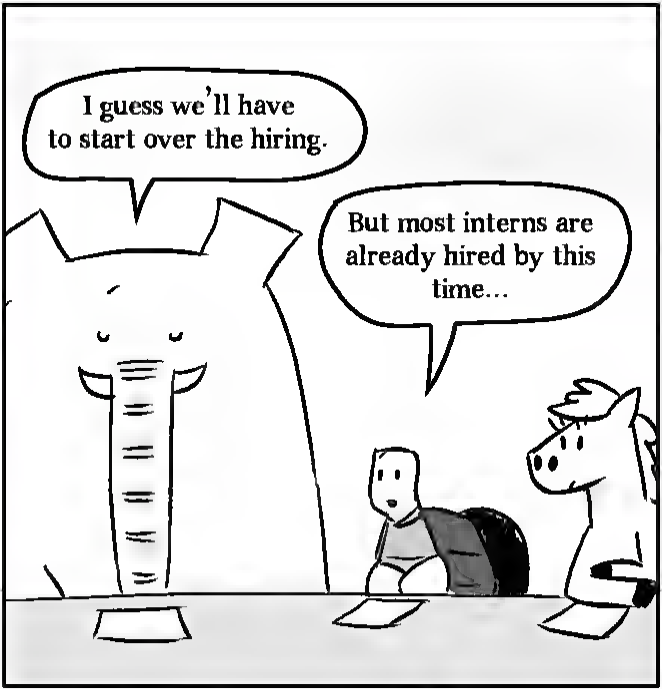


We contacted Peng the Panda,
but unfortunately he is already working in another internship.

How about Shirley?



She is off to a long trip in south Animerica.
Backpacking she said



I guess we'll have to start over the hiring.
But most interns are already hired by this time...
